*Must attend Day 1 to be eligible to attend Day 2.*

Since 1871, a major objective of the National Rifle Association has been to provide education and training in a safe and proper use of firearms. Today, that objective is being fulfilled through the NRA Basic Firearm Training Program.

Instructors provide an invaluable service in their communities by training hundreds of thousands of individuals annually. As firearm and shooting activities expand, and more Americans choose to exercise their right to carry a firearm, so to grows the need for these courses.

You can be the vital element in meeting this need by becoming an NRA Certified Instructor and conducting NRA Basic Firearm Training Courses. As an instructor, you can experience the personal satisfaction of teaching others the basics – the knowledge, skills and attitudes that will lead to a lifetime of safe, enjoyable and successful involvement in firearm and shooting activities.

The NRA is looking for new instructors who enjoy working with people, want to share their firearm knowledge and skills with others, and are willing to make a commitment to teach NRA training courses in their communities.

*Pre-registration and Pre-Course Qualification are required.*

**You will be nominated a for certification upon successful completion of this training.**

**Course fee includes all required instructor materials.**

**BIT – Basic Pistol Shooting Course Instructor Training; August 19th & 20th 2017**
